- 4.6 Platform Provider shall be entitled to charge the Non-Performing Counterparty such fee as Platform Provider has notified to Customers and amended from time to time hereunder in relation to the Non-Performing Counterparty's non-compliance with its obligations hereunder.

- 4.7 The compliance department of Platform Provider may review Submissions and/or Relevant Transactions based on its analysis of market conditions or upon a request for review by a Customer.
- 4.8 Platform Provider is authorised to cancel Relevant Transactions (giving such notice as may be practicable in the circumstances, which may be after such cancellation):
- (a) when such action is necessary (as determined by Platform Provider in its reasonable discretion) to mitigate market disruptive events caused by the improper or erroneous use of Fenics GO Digital and its services or by system defects;
 - (b) if Platform Provider in its reasonable discretion determines that allowing the Transaction to stand as arranged may have an adverse effect on the integrity of the marketplace;
 - (c) if Platform Provider in its reasonable discretion determines that this is required to comply with Applicable Law and Regulations (which may include the circumstances set out in paragraph 6);
 - (d) if Platform Provider has made a determination pursuant to paragraph 4.14 following a request for a review from or on behalf of a Counterparty to a Relevant Transaction;
 - (e) if directed to do so by an Exchange or other Regulator; or
 - (f) on any other ground referred to in paragraphs 3.9 and 3.11.
- 4.9 Once a Relevant Transaction has been approved by all Counterparties and is executed at the relevant Exchange, the Counterparties forfeit their right to submit an application for cancellation to Platform Provider (and any such application that may have been submitted prior to such execution shall automatically be cancelled with no effect) and are subject to the error trade procedure of the respective Exchange.

- 4.10 In the event that a Relevant Transaction has been executed on an Exchange, Platform Provider is authorised to communicate relevant information to the Exchange which may result in the Exchange taking such action as may be permitted by its rules.
- 4.11 A request for review of a Relevant Transaction must be made not later than five minutes from the time of matching of the Relevant Transaction on Fenics GO Digital and may be made solely on the grounds that the price of the Relevant Transaction is outside the 'fair price' of an equivalent transaction as determined in accordance with the rules of the Relevant Transaction. The written request shall be sent to Platform Provider in accordance with paragraph 9.2 by an Administrator, detailing the time of arrangement, the price of the Relevant Transaction, its reference number, and details of the grounds upon which the review request is being made.
- 4.12 Platform Provider shall promptly determine whether the conditions for reviewing a Relevant Transaction (as set out in paragraph 4.11) have been met and, if so determined, shall promptly issue an alert to all relevant Counterparties (as determined by Platform Provider) indicating that the Relevant Transaction is under review (a "**Reviewable Transaction**"). Such review shall be confined to the price of the Reviewable Transaction only. Platform Provider will promptly notify the requesting Counterparty if it determines that the conditions for reviewing the Relevant Transaction have not been met.
- 4.13 Where Platform Provider has determined under paragraph 4.11 that there is a Reviewable Transaction, it shall conduct the review in good faith as soon as reasonably practicable. Platform Provider shall then promptly notify the relevant Counterparties of the decision in writing.
- 4.14 If Platform Provider determines that the Reviewable Transaction is outside the "fair price" then it shall be cancelled, subject to applicable Exchange rules. Platform Provider and Counterparties shall thereafter promptly take such steps as are required in order to give effect to the cancellation including, but not limited to, cancelling the Reviewable Transaction on Fenics GO Digital or, if the Reviewable Transaction has been submitted to the relevant Counterparties for approval, such approval being declined. No compensation, costs, damages, loss or expense shall be claimable or payable in relation to such cancellation by any Counterparty or Platform Provider.
- 4.15 If Platform Provider in its reasonable discretion determines that the Reviewable Transaction is inside the "fair price" then it shall stand as a valid Relevant Transaction and shall be executed and performed in accordance with the Conditions and Applicable Law and Regulations.
- 4.16 Notwithstanding any other term of this paragraph 4, nothing in this paragraph 4 shall require Platform Provider to breach any Applicable Law and Regulations including the rules of any Exchange. Platform Provider and/or Exchange shall make any clearly erroneous determination based on Exchange rules and the parameters set out herein, which may result in the cancellation of a Relevant Transaction.
- 4.17 Notwithstanding any other term of this paragraph 4, all corrections and errors will be reviewed and determined in accordance with applicable CME rules.

5. Content

- 5.1 Each Customer shall take reasonable steps to ensure that only its Authorised Users may access any Content, such Content being proprietary to Platform Provider, and use such Content solely for the Intended Purpose and in compliance with Applicable Law and Regulations or as otherwise directed by Platform Provider from time to time and for no other purpose and in particular not redistributing, transmitting or disclosing such Content to any person not an Authorised User, an Affiliate or third party (whether on an aggregated or other basis).
